

DPS-3434

1 2

8 August 1958

SUBJECT: Modification of System 4 and Associated Equipment

TO: Contracting Officer

Reference letter dated 3 June 1958, CMCC Doc. No. 151x5.1131, which forwarded the contractor's technical proposal for modifications of the System 4 airborne equipment, test set, and associated ground data-handling equipment. These modifications are approved and are desired in all equipment being furnished to Customer No. 3.

It is requested that the contractor be authorized to incorporate the changes as proposed. At the same time, please obtain a cost estimate for this work and a revised delivery schedule for equipment to be modified.

Lt. Colonel, USAF
